

# SCHOOL NEWSLETTER

Friday 13th February 2026

We can't quite believe that we have reached the end of the half term already!

This week has been Safety Week in school, where children have had the opportunity to learn and explore a range of aspects about safety. We've had our House Safety Day where children joined together in houses to take part in different safety workshops, these included road safety, being safe around medicines, strangers, recognising safe and unsafe situations, rail safety, in addition to our Online Safety Day. Staff were really impressed with how well the children engaged with the activities and reflected on things to do to ensure they stay safe in different situations. In our Picture News this week, we also reflected on the question 'Should children have social media?'. Enclosed in this newsletter you will find some more information about this and suggestions about how you can follow-up with this at home. Following on from this, just a reminder that we have the following event on our diary dates: **Thursday 2<sup>nd</sup> April, 9am:** Brianna Ghey Foundation Parental Workshop - Online Safety/Phone Usage: WE ARE REQUESTING REPRESENTATION FROM ALL FAMILIES AT THE EVENT PLEASE AS THERE IS IMPORTANT KEY INFORMATION THAT WILL BE SHARED WITH FAMILIES THAT WE BELIEVE ARE VITAL TO SUPPORT YOU TO KEEP YOUR CHILD SAFE AND TO SUPPORT YOUR OWN KNOWLEDGE AND UNDERSTANDING TOO.

Year 4's Homework Project: Volcanoes

Our Enrichment Clubs and Link Club are open on Arbor for booking for HT4. Please also see the diary dates for the different events that are taking place across the remainder of the Spring term, including the dates for Parents Evening.

On behalf of the team, we hope you all have a wonderful half-term break and we look forward to welcoming the children back on Monday 23<sup>rd</sup> February.

This week in our Picture News, we have been reflecting on the following:

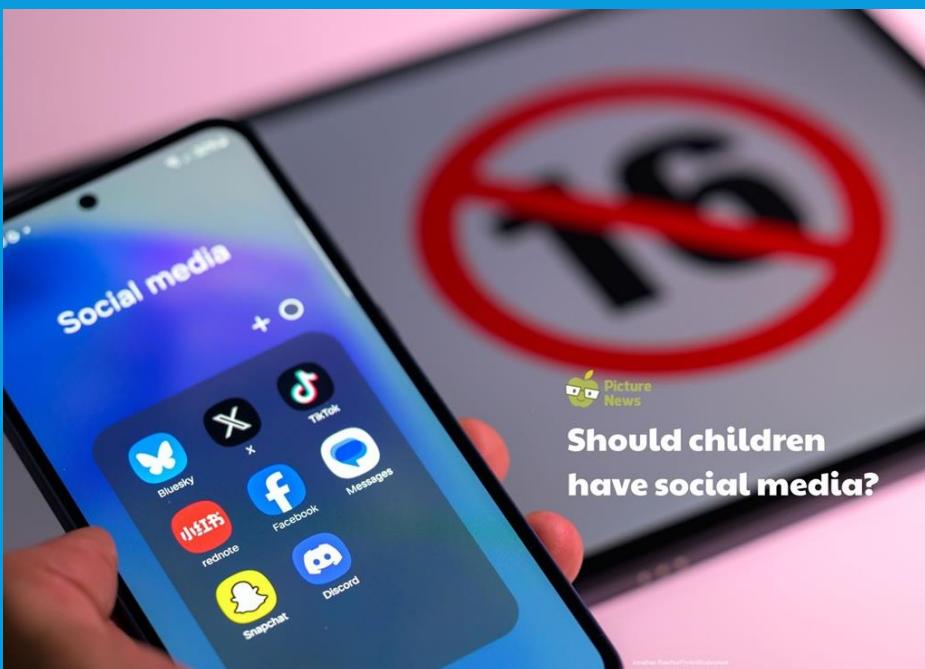

## Let's look at this week's story

Adults in the UK are talking about whether children under 16 should be allowed to use social media, as the government is considering new rules to help keep children safe online. Some people believe social media helps children stay connected, while others worry it can affect wellbeing and mental health. During Children's Mental Health Week, the story reminds us how important it is to look after our mental health both online and offline.

Above all else, guard your heart, for everything you do flows from it.

Proverbs 4:23

## In the news this week

Adults in the UK are talking about whether children under 16 should be allowed to use social media, as the government is considering new rules to help keep children safe online. Some people believe social media helps children stay connected, while others worry it can affect wellbeing and mental health. During Children's Mental Health Week, the story reminds us how important it is to look after our mental health both online and offline.

### Things to talk about at home ...

- What rules or agreements can help us feel safe when using technology at home?
- Can you think of ideas for families to help balance screen time and other activities?
- What are some of the activities that you do online? Do you do different things online to others at home?

### Rule of Law

The government is considering changing the law to protect young people's mental health and safety online. Laws are important because they provide clear rules that keep us safe from harm, ensure everyone is treated fairly, and help us live together.

Children have the right to access helpful information from the internet and other sources of media. Adults have a responsibility to make sure the information is not harmful.

### Protected Characteristics

People should not be treated unfairly because of their age, however, sometimes rules are created to protect younger people from harm.

### Think together and talk

- What do you think good mental health looks like?
- What are some different ways we can look after our mental health?
- Why is it important to look after our mental health?
