Lift up your voice

©Andy Silver 2020

Verse 1

Sing in every season
Sing in sun or rain
Sing in stormy weather
When the skies are dark and grey
Sing to share together
Sing to join as one
Sing to help each other
When we're feeling all alone

Pre-Chorus

There's a joy deep in our souls
As we gather, young and old
Sing the music loud and strong... sing this song

Chorus

Lift up your voice, our hearts rejoice
Feel the rhythm, feel the beat, let's sing with joy
Lift up your voice, our hearts rejoice
Feel the rhythm, feel the beat, let's sing with joy
Lift up your voice.
Lift up your voice yeah

Verse 2

Sing when there's no answer
Sing when we're confused
Sing when we are worried
And we don't know what to do
Sing to heal our sadness
Sing to calm our minds
Sing to make us hopeful
For the future, throughout time

Pre-Chorus

There's a joy deep in our souls
As we gather, young and old
Sing the music loud and strong... sing this song

Chorus

Lift up your voice, our hearts rejoice
Feel the rhythm, feel the beat, let's sing with joy
Lift up your voice, our hearts rejoice
Feel the rhythm, feel the beat, let's sing with joy
Lift up your voice.

Bridge

Oh oh oh oh
Lift up your voice
Oh oh oh oh
Lift up your voice
Oh oh oh oh
Lift up your voice
Oh oh oh oh

Chorus

Lift up your voice, our hearts rejoice
Feel the rhythm, feel the beat, let's sing with joy
Lift up your voice, our hearts rejoice
Feel the rhythm, feel the beat, let's sing with joy
Lift up your voice.
