What are the children tested on?

How are the tests administered?

What happens with the results?

How can I help my child?

• **What are end of key stage two assessments?**

What you might know as SATs or Standard Attainment Tests, are national curriculum tests that are usually taken by children at the end of key stage two.

- All children are assessed during the summer term of Year 6, during May.
- The aim of the tests is to establish whether pupils are working at an expected level in English and maths for the end of primary school and the start of secondary school.
- The results of the tests do not tell us how accomplished children are in other areas, such as sport, music or art.
- Pupils sit six different tests in three subject areas: maths, English reading and English grammar, spelling and punctuation.
- English writing judgements are made by the pupils' teachers through teacher assessment, based on evidence of independent writing gathered over the course of year 6.
- There may also be science sampling for selected schools.

- **When do they happen?**

Every primary school will test their pupils on the same subject at the same time during the same week in May. The schedule of tests for this year looks like this:

Assessment Week - May	Tests
Monday	English grammar, punctuation and spelling Paper 1: questions Paper 2: spelling
Tuesday	English reading
Wednesday	Mathematics Paper 1: arithmetic Paper 2: reasoning
Thursday	Mathematics Paper 3: reasoning

- **What are the children tested on?**

English Grammar, Punctuation and Spelling

Paper 1: questions (45 minutes) 50 marks

A combined question and answer booklet which assesses pupils' understanding of the grammar, punctuation and spelling elements of the national curriculum English programmes of study for key stage two.

Paper 2: spelling (15 minutes but not strictly timed) 20 marks

The paper that pupils receive has 20 sentences, each with a missing word. The teacher reads the sentences one at a time and pupils write in the missing word on their paper.

English Reading

(1 hour) 50 marks

Pupils will have a reading booklet with three different texts to read and a corresponding question and answer booklet. The texts are presented in increasing levels of difficulty and pupils' comprehension skills will be assessed against the comprehension elements of the English programme of study for key stage two.

- **What are the children tested on?**

Mathematics

Paper 1: arithmetic (30 minutes) 40 marks

Pupils will have a booklet of arithmetic questions based on the national curriculum maths key stage two programmes of study.

Papers 2 and 3: reasoning (40 minutes each) 35 marks each

Both papers will ask children to reason and solve problems, again based on the national curriculum maths programmes of study.

• How are the tests administered?

- During SATs week, the children will be invited into school early so that they can have breakfast together, where they will have toast and a drink.
- Different locations may be used when the children are taking the tests, including the classroom, school hall, PPA Room, Central Area.
- Most children will take the SATs together as a class group, however, there may be some circumstances where children may take their tests in a different space in a small group and/or individually if they require specialised access arrangements.
- School staff who are familiar to the children will administer the assessments inline with Government guidance.

• What happens with the results?

- School results in the end of key stage assessments are published in performance tables.
- School results will be shared with the school, their local authority or academy trust and Ofsted to support school improvement.
- Scans of marked pupil test papers and test results are published online in July and can be accessed by the school.
- Each child will receive a scaled score for their performance on the tests. This is a score between 80 and 120, where a score of 100 is considered to be average or working at the expected level of attainment at the end of primary school.
- **We will share pupils' results in their end of year written report, which is sent home to parents in July.**

- **How can I help my child?**

Support your child to complete any home learning tasks sent home, such as **spellings, reading comprehensions and maths sheets.**

Use online activities like **TTRockStars, MyMaths, SumDog, Century and Reading Plus** to practise skills at home.

Make sure they go to bed at a reasonable time, have a good breakfast and arrive at school on time during the assessment week.

Encourage them to try their best, commend their efforts and plan to celebrate their hard work at the end of the testing week, rather than focusing on the test results.
