## Christian Value - Courage

Help us to know that you are close to us at all times, but especially  
when we are worried or afraid.  
**Amen.**

Thank you to all those who have helped me in the first week at Winwick. From the pupils welcoming smiles in a morning, to the super staff and governing team we have here, to the parents who have actually spoken on the playground. I look forward to meeting many more of you over the coming weeks and months. This week has been another busy one at Winwick with all children working hard in lessons and also ensuring they have high expectations of themselves when they are in and around school. We are focusing on manners, respect and how we speak to adults and other people. It has been lovely seeing the immediate impact of this over the last few weeks. We have also been working on getting our reading records into school everyday and making sure we are trying to read every night. Remember these books are a two way communication tool and are to be used by yourselves to record reading completed as well as if you have any information or messages for the class teachers. This will also work for teacher to parent too. To all those pupils who are working really hard on these aspects a huge well done!

### Science Week — 10th March 2016

We are looking to promote Science awareness throughout the school during this week, we were wondering if anyone who works within the Science Industry would be willing to give up some of their time to come into school and share with us their knowledge in this field. It would be very much appreciated: please contact Mrs Common if you can offer some help.

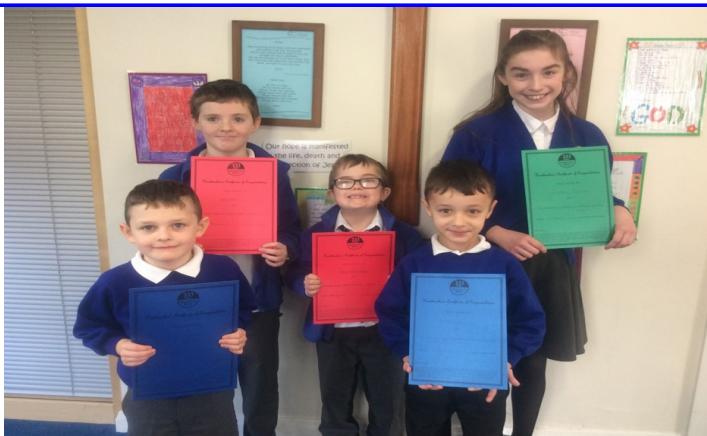

Healthy Snacks and Drinks We are a School who promotes healthy eating and would like to reiterate that our permitted Snacks at break time are as follows:-

Fruit, Vegetables, Toast, water

No Cereal Bars, Energy Drinks or Fizzy Drinks are permitted at break time or in lunchboxes.
