

Dear Parents/Pupils,

On the first week back Isaac Timmins, James Hymers and Josh Brain Year 5 are raising money for Alder hey children's hospital. They are organising an estimation game at Playtimes. It is 50p per guess. Anyone can enter and the winner gets the jar of M&Ms, which aren't peanuts. The winner will be announced on Friday 4th November 2016. The child who wins will have to make sure they don't eat them all at once (it could make them ill)! They have been inspired by a girl age 11, who despite having a kidney transplant, manages to organise a lot for charity- every little helps☺. We would appreciate all donations and entries for the estimation competition. You can only have 3 guesses because if you could have more than 3 guesses you would probably win
