Value - Service

Dear God, Help us to find ways to encourage those around us, especially when they are sad or feeling hopeless. Amen

We have had a super week in school focusing on Well being and Diversity. There have been lots of activities completed to raise awareness of how we look after ourselves and our own mental health. The worry sock puppets were a great success AND we loved Wacky Hair Day! We have also focused on how we are all similar even though we may have different family set ups, or live in different types of houses or follow a different religion. The children have responded really well to this and we will be continuing work around different types of families and love after half term. On behalf of all at Winwick, we hope you have a wonderful and relaxing half term break. Mrs Dymond and the team at Winwick.
